

CIAO + MONOBLOCK FILLER

The Borelli CIAO+ series is an entry level Monoblock bottling line designed specifically for round bottles ranging from 55mm to 115mm diameter and heights between 160mm and 350mm high. The machine is equipped with conveyor belt, chain and autonomous drive for simple and effective filling and corking. The CIAO+ allows for 3 different closing options - Natural cork, ROPP and Crown. The CIAO+ can be offered with 100% gravity, light depression or high vacuum filling for semi viscous products.

Apart from the CIAO+ (automatic Monoblock with filler and 1 closing turret), the CIAO+ is available in the following configurations:

57 – 59 Banbury Rd Reservoir 3073

Email: sales@q-pack.com.au

Web: www.q-pack.com.au

CIAO+ MULTISYSTEM - automatic Monoblock including filler with 2 capping turrets assembled in the same Monoblock.

CIAO+ XP - automatic Monoblock with rinser-filler and 1 capping turret.

CIAO+ XP MULTISYSTEM - automatic Monoblock with rinser, filling and 2 capping turrets.
